Bolton and Company is very pleased to announce some exciting changes to our Personal Lines Markets. After 37 years of partnership Bolton has decided to move their business written thru American Modern Home Insurance. We have researched the new markets for some time and are very excited to be able to offer our agents excellent coverage's at very competitive rates.

All insured's will receive a non-renewal notice before their renewal date. Also each insured will receive a renewal offer from the companies mentioned below. All the insured has to do is return payment before their renewal date and they will have no lapse in coverage. If an insured doesn't qualify for the new programs, they will only receive a non-renewal notice.

We have contracted with the following Insurance companies to place the renewals:

Kentucky

Mobile Homes*- Will be rolled to Markel American Insurance Company. On average so far the insured's are being quoted a rate 9% cheaper than their current policy.

Motorcycles* – Will be rolled to American Reliable Insurance Company

Boats – Will be rolled to Markel Insurance Company

Dwellings* – Will be rolled to Essex Insurance Company
